Trinity would like to appoint a **Woodnook Centre Co-ordinator** to oversee operations in the centre, to promote its availability and ensure that it remains an hospitable and welcoming place for users, hirers and visitors.

Trinity Community Church is an Anglican and Baptist ecumenical partnership that has been exploring different ways in which it makes connections into its local neighbourhood. One of the key resources the church has is a building, The Woodnook Centre, which has been undergoing refurbishment for the past two years.

This work has been completed to a high standard and the building is now a versatile and vibrant hub in the Woodnook area of Accrington. It is being used by increasing numbers of people with a wide range of needs and interests. Trinity see the centre as a place with enormous potential to be a base for ministry and mission and to make links with the community. The church has also established a Parish Office in the centre.
