

# WEEKLY SERMON

communicate@blackburn.anglican.org

## Just Believe!

Blessed are those who have not seen yet believe; this is you and me.

We have not seen God, but we believe. We believe what the Bible says, and God's Word carries through to today.

The disciples had their doubts, as well all do, but by the time of His death and resurrection they were 'sold' on the fact that God was with them and could make anything happen.

As Christians, we are also sold on the fact that God is with us. We might not see, but we feel His presence while the Holy Spirit works within us.

We see miracles, we pray and we see the step by step of coming to faith of our loved ones, while we are witnesses to the truth of how He came to be the centre of our world, our lives.

We cannot look inwards in this world to make things better for ourselves or those around us. We should, must, turn to God to use us as He wills to make a changes in people's lives, young and old, by passing on what He has given us and shown to us.

People need to know the friend we have in Jesus Christ is so real, so true and so relevant.

Now is the time!

Members of the Blackburn Diocese Mosamaria Trust Fund, which raises money for the Mosamaria AIDS Ministry in Bloemfontein in South Africa, truly believe that through our actions we can make a difference to orphaned and vulnerable children.

We believe God has had His hand in their circumstances from the off, and that is why they are able to move forward in different areas of their lives.

We can lend a hand to contribute in any way we can, be it through prayer, time or offerings, so please take a look at this charity [www.mosamaria.co.za](http://www.mosamaria.co.za) to find out more.

Just believe you can make a difference and it will come to pass; with the help of God first and foremost working through you.

Amen

**Gloria Birdsall, Licensed Lay Minister (Reader)**  
**St Peter's and St David's Church, Fleetwood and a member of the Blackburn Diocese**
