

## **A Letter from the School Council:**

We are writing to tell you what we believe is important for a new Head Teacher for our school.

Firstly, we think that the type of person we are looking for needs to be understanding because they will lead the way in sorting out any arguments and problems, in order to make our school as happy as possible. A sense of humour is really important and they need to be lots of fun. A 'Mary Poppins' type of character would be great because they will be positive and kind at the same time with a nice smile.

The person who gets the job will need to be strict, but only when times call for strictness. We want the new Head Teacher to be fair and selfless and have lots of experience of working with children in a school, so they can make our school and everyone in it, be the best it can be.

Furthermore, we would like the new Head Teacher to be interested in the Bible, computing, sport, art, science experiments, Design Technology and pets. We would like someone who will let us have exciting visitors in our school, let us go on school trips and maybe help us to start up our Cheer Leading Club again!

Another thing the School Council believes is important is that the new Head Teacher needs lots of ideas to keep improving our school and be good at maths to make sure we have enough money to spend in our budget. Being good at helping the teachers plan exciting lessons and bring us some new ideas about our learning will also be a great bonus!

Finally, we definitely want someone who shares our beliefs and treats everyone equally no matter who they are. We need someone who is a Christian and will follow our Gospel Values and set us a good example. Being a good listener is going to be really important too especially to the ideas of the School Council, who represent all the children in school.

Thank you for reading our letter. We are looking forward to our new Head Teacher joining our school family.

Yours Sincerely

Lillie, Grace, Amber, Jessica, Izabella, George, Connor, Ralfs, Jacob, Taylor, Holly, Oliver, Lilah, William, Megan and Eric - the School Council 2018 – 19.
