Additional Information:

Within each session you will find suggested timings for the material:

- The material has been organised to allow an hour for each session.
- If you are able to meet for 1 hour 30 minutes, then you will have more space for discussion and reflection.
- Please be flexible about the timings. If a particular discussion is proving very fruitful then feel free to allow extra space for this.
- It is also worth trying to work with these timings so you leave enough space for the materials later in the session

Copies of the materials on this CD-ROM can also be downloaded from the Generosity Gift and Grace pages which can be found under the 'Resources' menu of the diocesan website

www.blackburn.anglican.org under Stewardship, or search for 'Generosity' in the search bar on the website.
