

Generosity Gift and Grace: Start Here

This disc contains pdfs of the material you will need to print for the Generosity Gift and Grace Study Course.

There are separate folders containing materials for leaders and members. You should reproduce these however works best for you.

You may decide to:

- produce a booklet for each member that includes all five sessions. If so, you may need some extra copies for people who lose their booklets or forget to bring them in later weeks.
- distribute the material each week
- email material to each participant for them to print for themselves
- email material and encourage participants to download onto a tablet or smartphone rather than printing.

You will need course members materials for everyone on the course - both members and course leaders.

Copies of the materials on this CD-ROM can also be downloaded from the Generosity Gift and Grace pages which can be found under the 'Resources' menu of the diocesan website www.blackburn.anglican.org under Stewardship, or search for 'Generosity' in the search bar on the website.

The Generosity Gift and Grace Course films can be viewed on the accompanying DVD or on the Blackburn Diocesan YouTube channel, either by following the YouTube link from the home page of the diocesan website www.blackburn.anglican.org or by searching online for 'YouTube' and 'Blackburn Diocese'.
